

# Maine Volunteer Leadership Conference

## 2022 sponsorship opportunities

The state's only educational event focused on engaging citizens in volunteer service

Volunteer Maine hosts a conference for non-profit organizations who work with volunteers to learn how to engage with, recruit and use volunteers more effectively.

This past year has decimated the volunteer force and we are excited to be able to support volunteer managers and nonprofits so they can better serve our communities.

After 2 years of a virtual event, we will finally be holding the conference in person again.
